Nankin, China is serious, and anti-foreign riots are expected, according to advices received to-day at the State Department from William J Calhoun, American Minister to China. The city of Nankin, he says, has been posted with placards inciting the natives to the destruction of the lives and property of foreigners.

There is considerable nervousness, Mr. Calhoun added among the foreign population of the city. American, German, British and Japanese war vessels are on hand and are prepared to land several hundred sailors if necessary to protect the consulates.

After leaving Yale he took up the study of medicine and was graduated from the University of Berlin, Germany. Major Kuip then entered the army as Second Lieutenant and saw active service in the Philippines. After the Spanish war he was sent by the Government to investigate conditions in Alaska and then on a trip around the world investigating hospitals. Major Kuip retired from the army in 1897, and since then had been practising medicine in Seattle. Six months ago Major Kuip was made. Surgeon-General of the militia of the State of Weshington. Major Kuip is survived by his wife.

Avistor Will Resume Flying at Strassburg

To interest German Officers.

Hayden Sands, who returned to this country about two weeks ago, will sail this morning for Germany. He said at the Waldorf-Astoria yesterday that he would go Strassburg to resume his flying machine experiments. He will try out a monoplane of his own invention within the next few weeks, which he says will be sold to the German Government should it prove a success. A distinct feature of the machine will be rigid wings with flexible tips.

Mr. Sands will also instruct officers in the use of aeroplanes. His machine will be fitted with a 100 horse-power Gnome engine. Mr. Sands said it is encouraging to see the increased interest in zeronautics.
